

COUNTERTOP EDGE PROFILE OPTIONS

In many cases, edge profile is the design element that ties your countertop product into the room and completes your overall design concept. NW Concrete Interiors' skilled craftsmen can fabricate any edge that you desire, ranging from contemporary to old-world. Custom edge profiles are available upon request.

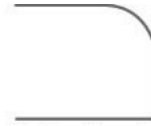

Most popular standard* edge profiles include:

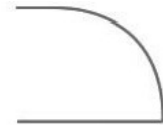

Eased Edge

Beveled

Half Bullnose

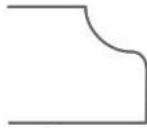

Demi Bullnose

Most popular upgraded* edge profiles include:

Full Bullnose

Ogee

Ogee Bull

Platner

Dupont

Waterfall

Crescent / Pencil

Chiseled / Chip Faced

* Some countertop types/materials may not be available in all edge profile options shown above. Consult your fabricator/installer for additional information.
